

The pros and cons of attending a class/seminar/conference via web conference softwares

Pros

Accessability

Able to participate international conferences, seminars and classes from anywhere around the world.

Saves time and money

No travelling to a specific destination to attend classes or conferences at another country. Conferences fees are also reduced.

Saves teaching materials

Reduce printing materials and digital formats can be downloaded and accessed anytime.

Slides can be viewed clearly

Videos recordable with permission

Can be accessed anytime and anywhere

Cons

Requires own laptop/desktop

Requires stable internet connection

Limited number of participants

The free plan softwares only allow a certain number of participants in a single conference

Low audio and video quality

The stream quality becomes low when the internet connection is weak
